

$$=$$

Diagram illustrating the second and third terms of the expansion of the propagator $\mathcal{M}_{\gamma\gamma'}$.

The second term shows a triangle loop with vertices marked with $+$, $+$, and $-$. The top vertex has incoming momenta J and J' with upward arrows. The bottom-left vertex has incoming momenta j_1 and j_2 with upward arrows. The bottom-right vertex has incoming momenta j'_1 and j'_2 with upward arrows. The internal lines are labeled k (top), j_1 (left), and j'_1 (right).

The third term shows a triangle loop with vertices marked with $+$, $+$, and $+$. The top vertex has incoming momenta j_1 and j'_1 with upward arrows. The bottom-left vertex has incoming momenta j_2 and j'_2 with upward arrows. The internal lines are labeled k (top), j_1 (left), and j'_1 (right).
