

Diagrammatic equation for the divergence of a vector field:

$$\begin{array}{c} \boxed{} \end{array} \begin{array}{c} \nearrow j_1 \\ \rightarrow j_2 \\ \searrow j_3 \end{array} + = (-1)j_1 + j_2 + j_3 \quad \begin{array}{c} \boxed{} \end{array} \begin{array}{c} \nearrow j_1 \\ \rightarrow j_2 \\ \searrow j_3 \end{array} -$$
